

# ONLINE LEARNING PLATFORM

N. Himavath

The screenshot shows a Jira backlog board titled "OLP board". The board has a purple header and a white main area. At the top, there are several navigation tabs: Summary, Timeline, Backlog (which is selected), Active sprints, Calendar, Reports, List, Forms, All work, Components, and More. Below the tabs is a search bar and some filter options. The main board area is currently empty, indicated by a large purple rectangle with a dashed border. A "+ Create" button is located at the bottom left of the board area. At the bottom right, it says "0 work items | Estimate: 0".
